

HEALTH INSURANCE WAIVER

Student Online Waiver Process

Recognizing that health coverage may change, at the beginning of each academic year students will be asked to provide proof of comparable coverage in order to waive the Student Health and Special Risk Insurance Plan.

To document proof of comparable coverage an online waiver form must be completed and submitted by the deadline. The online process is the only accepted process for waiving coverage.

1. Go to <http://www.gallagherstudent.com>
2. Click on "College and University Students"
3. Select Weill Cornell Medical College from the drop down menu.
4. Click on "Log In" (located on the top right of screen)
First Time Users will need to create a unique User Account (User Name and Password, first name, last name, student ID number, date of birth, and email address).
5. After creating your User Account, click on "Student Waive/Dependent Enrollment Forms" and then select the Weill Cornell Medical College Waiver Form. To complete the WCMC Waiver Form you will need to provide information from your current health insurance card: name, claims address, and toll-free customer service number of the insurance carrier, the name of the policyholder, and policyholder ID or group number. Immediately upon submitting the form, you will receive a confirmation number indicating that the form has been submitted. Print this confirmation number for your records, as it is your documentation that the form was submitted. If you do not receive a confirmation number, you will need to correct any errors and resubmit the form. The online process is the only accepted process for waiving coverage. International students can only waive the Student Health and Special Risk Insurance Plan if they are covered by an insurance plan of comparable coverage based in the United States.

Please contact the Graduate School if you have any questions:
